Proposed Policy:	Emergency Closure	Responsibility Of:	SLT
Date of Ratification:	November 2017	Date of Review:	November 2018

## EMERGENCY CLOSURE POLICY

### Policy Statement

The Head Teacher, or in his absence the Deputy Head Teacher, has the power to close the school if it is not possible to guarantee the health and safety of the students or staff.

There may be a variety of reasons why it may be necessary to close the school, including:

- Severe weather including snow, flooding or storms;
- Disruption to transport, for example through petrol or diesel shortages;
- Accommodation problems, for example loss of power supply, heating failures or fire damage.

The School will, however, endeavour to remain open where possible. School contingency plans will be passed on to staff, parents and students.

### Closure due to severe weather

In the event of adverse weather conditions, it is school policy to make every effort to remain open where possible. The school is fully aware that closure can disrupt teaching and learning and create additional challenges for students and staff as well as inconveniencing students, parents and carers.

The decision will be made as early as possible or by 7.30am at the latest and on the basis of information received from the media about weather, supplemented by on the spot observation from members of the Site Team.

However, the safety of our students and staff remains essential. Factors involved in reaching a decision to close the school will include:

1. Conditions on site are considered to be too dangerous for safety (this will also include heating and utility factors caused by adverse weather);
2. Conditions are considered to be too dangerous for safe travel or are likely to worsen if the School is already open;
3. Advice and recommendations received from other agencies, including Gloucestershire County Council, local police and emergency services, transport organisations;
4. Insufficient staff able to travel in to keep the School operating safely or to cover lessons for absent colleagues.

## Communication Arrangements

When there is potential for school closures due to severe weather conditions or any other exceptional circumstance, the school will communicate the closure quickly and clearly with parents and staff via the following channels:

- Gloucestershire County Council website – <http://www.glosclosedschools.com>
- Rednock School Website – [www.rednockschool.org.uk](http://www.rednockschool.org.uk)
- Facebook – <http://www.facebook.com/rednockschool.org.uk>
- Twitter: @rednock\_school
- BBC Radio Gloucester – 104.7FM
- Heart Radio Station – 102.4FM
- Text / Email / My Ed App Alerts

## During School Day Closure Guidance

On occasions it may be necessary for the school to close during the school day, i.e. if the weather is deteriorating and there is doubt as to whether students can be returned home later in the day. In such circumstances, the school will make every effort to publicise any sudden closure. If this happens, the school will use texts and email to alert parents and update the school website. The school will also make the announcement via the School and County Council websites (details as above) and via local radio stations (details as above).

The safe and speedy dismissal of students in the event of an emergency closure depends on the school and parents working in partnership. Parents should provide the school with any specific instructions in respect of their child should the school require to close during the day. **Parents are also required to give the school an up-to-date emergency contact.**

The provision of adequate supervision by members of staff will be made for those students who cannot go home immediately and have therefore to remain at school.

## Staff Attendance

Although it is recognised that severe weather conditions make it difficult for staff to get to and from work, **unless advised to the contrary by the Head Teacher\***, then the expectation is that staff will present themselves for work if they are able, with reasonable safety, to make the journey to school.

**\*Staff arrangements will be confirmed via text and email (school email address) – it is therefore important that you ensure any change of mobile number is communicated to either Nikki Dessi (Head's PA) or Kerry Evans (HR Manager).**

Contract staff affected by the closure will be informed as soon as possible, once staff and families have been contacted.

### Clearance of Snow

Within the school site, the school is responsible for snow clearance and the clearing of approach paths is the specific task of the Site Team. When severe weather is forecast, the Site Team will be tasked to lay salt and grit on arrival.

If there is any question of students' safety being at risk, for instance outside areas are unsafe, the School has a responsibility in inclement weather to keep the students indoors.

### In the Event of the School being Closed

If the school is closed, it is the responsibility of the Head Teacher to ensure that the following events are carried out:

- The decision is ratified with the Chair or Vice Chair of Governors;
- Text and Email alerts are sent to Parents and Staff;
- The School and County Council website is updated;
- The information is passed to relevant media agencies as soon as possible;
- The School Office answer phone is amended to advise closure;
- Notices are placed on the school entrances advising parents, students and visitors that school is closed.
