Distinction criteria encourage and require depth of study, including demonstration of the application of knowledge and understanding as well as a synoptic element for the learning aim or unit.

Units 1 and 3 are externally assessed and Unit 2 and 4 are internally assessed;

All assessment for the BTEC is criterion referenced, based on the achievement of specified learning outcomes;

A summative unit grade can be awarded at pass, merit or distinction;

To achieve a 'pass' a learner must have satisfied all the pass assessment criteria;

To achieve a 'merit' a learner must additionally have satisfied all the merit grading criteria;

To achieve a 'distinction' a learner must additionally have satisfied all the distinction grading criteria;

Learners who complete the unit but who do not meet all the pass criteria are graded 'unclassified';

All of the internal units will be completed as coursework and assessed by the subject teacher. Coursework will take the form of real life Performing Arts industry briefs that students will have to address. Evidence for these units will take the form of written and practical work.

Once students work is assessed, they will have the opportunity to make improvements to their work within a set period of time.

ADDITIONAL INFORMATION

How can I support my child in this subject?

A student opting for this course should have a very good level of ability, aptitude, motivation and attendance, as well as a passion for performing to an audience. Encourage your son/daughter to learn their lines and prepare their props and costumes for their performances. Get them to consider their characters and their use of voice and movement. Encourage them to perform to you.

Understanding and appreciating theatre is an important aspect of the course. Having a discussion with your son/daughter after watching a performance could help them think about how that production was created. Discussing aspects such as directing, acting, sound, lighting, costume or special effects can really help engage students.

How can I support my child with exams?

The practical element requires students to learn a lot of lines for the group pieces. Rehearsing their pieces at home can really enforce what they are doing in class and give them confidence with their characters'. There is significant support for students on the student drive and in the LRC. Encouraging them to use these resources can make a difference.
