

St Gregory's RC Primary School

Packed Lunch Guidance Policy

Name of school: St Gregory's RC Primary

Policy approved and adopted: September 2014

Due for review: (24 months)

Overall aim of the policy:

To ensure that all packed lunches brought from home and consumed in school (or on school trips) provide the pupil with healthy and nutritious food that is similar to food served in schools, which is now regulated by national standards.

Description of the setting:

St. Gregory's RC Primary School provides a high quality education to all pupils aged 4-11. The school exists to nurture our children within a secure, caring learning environment, which is founded on gospel values and the ideals of the partnership between home, school and parish. There are currently 217 pupils on roll. All KS1 pupils are eligible to receive a free school meal. The percentage take up of school meals across the setting is high. A number of children are currently registered to bring a packed lunch. The 2013/14 Y6 Pastoral Council worked with LA officials and the Healthy School Award Team to discuss, research and agree the new school policy which they presented to governors in July 2014.

How and why the policy was formulated:

- To promote healthier diets for our pupils
- To help pupils understand that healthy eating supports success in class and in sports
- To support children to understand how to maintain a healthy weight
- To promote consistency between packed lunches and food provided by schools, which is regulated by national nutritional standards
- To encourage a happier and calmer population of children and young people
- To contribute to the school's self evaluation, for review by Ofsted
- This policy has been formulated following consultation with pupils and governors and parent governors.
- Parents and carers have been invited into school to sample meals and meet catering officers
- The School Pastoral Council has been fully consulted over what makes a healthier packed lunch and why the school should encourage healthier options and other informed opinion was highly instrumental in the policy development.
- The school's Governing Body has approved this policy and welcomes feedback from pupils, parents and carers

More information regarding healthier packed lunches is available from the Council's catering team on tel. (0191) 4246710 or The Children's Food Trust website www.childrensfoodtrust.org.uk

National guidance:

The policy was drawn up using a range of national documents including information and a draft policy from the School Food Trust, the Food in schools toolkit (Department of Health) and Food policy in schools – a strategic policy framework for governing bodies (National Governors' Council, (NGC) 2005).

Food and drink in packed lunches

- The school will provide facilities for pupils bringing in packed lunches and ensure that free, fresh drinking water is readily available at all times.
- The school will work with the pupils to provide attractive and appropriate dining room arrangements
- The school will work with parents to ensure that packed lunches abide by the standards listed below.
- As fridge space is not available in school, pupils are advised to bring packed lunches in insulated bags with freezer blocks where possible to keep the food as fresh as possible.
- Wherever possible the school will ensure that packed lunch pupils and school dinner pupils will be able to sit and eat together.

Packed lunches **should** include:

- at least one portion of fruit and one portion of vegetables/salad every day.
- meat, fish or other source of non-dairy protein (e.g. chicken, tuna, cheese, egg, ham, lentils, kidney beans, chickpeas, hummus, peanut butter and falafel) every day
- a starchy food such as any type of bread, pasta, rice, couscous, noodles, potatoes or other type of cereals every day.
- dairy food such as milk, cheese, yoghurt, fromage frais or custard everyday
- only water, still or sparkling, fruit juice, semi-skimmed or skimmed milk, yoghurt or milk drinks and smoothies.

Packed lunches **should not** include:

- Snacks such as crisps, except on “treat” days e.g. Fridays. Instead, include nuts, seeds, vegetables and fruit (with no added salt, sugar or fat). Savoury crackers or breadsticks served with fruit, vegetables or cheese are also a good choice.
- Confectionery such as branded chocolate bars, chocolate-coated biscuits and sweets. Cakes and biscuits should be of sensible, age-appropriate portion sizes but please encourage your child to eat these only as part of a balanced meal.
- Drinks with a high sugar content and additives (these encourage tooth decay and have little or no nutritional value)
- Meat products such as sausage rolls, individual pies, corned meat and sausages / chipolatas should be included only occasionally.
- Glass (for safety reasons)

Special diets and allergies

The school also recognises that some pupils may require special diets that do not allow for the standards to be met exactly. In this case parents are urged to be responsible in ensuring that packed lunches are as healthy as possible. For these reasons pupils are also not permitted to swap food items.

Ideas for healthier packed lunches

Ideas for better packed lunch contents are featured on the Children's Food Trust website.

Assessment, evaluation and reviewing:

Healthy lunches will be rewarded to children taking a healthy school lunch or packed lunch by congratulatory letters home / stickers/ Head Teacher's Awards

Parents and pupils who repeatedly do not adhere to the Packed Lunch Policy will receive a leaflet in the packed lunch informing them of the Policy. If a child regularly brings a packed lunch that does not conform to the policy then the school may contact the parents to discuss this.

Please note: pupils with special diets will be given due consideration.

Involvement of parents/carers:

Pupils are normally expected to eat the lunch provided by the school. However, parents of pupils wishing to have packed lunches for a particular reason are expected to provide their children with packed lunches which conform to the Packed Lunch Policy. Parents are asked to apply for their child to take a packed lunch **at the start of each new term** but children can switch to school meals any time – no notice is required. The school will keep the parents and the School Pastoral Council informed as per the methods detailed below under "Dissemination of the Policy".

This policy is very much in line with the school's efforts to encourage all of our pupils to lead fit and active lives. We are all united in wanting our children to develop good eating habits and to be knowledgeable about what constitutes a good, nutritious diet.

The school seeks to work alongside parents, carers and health professionals to guide and support our children to make informed healthy choices that will enable them to, as the gospel says, "live life to the full".

Dissemination of the policy:

The school will inform all new and existing parents/carers of the policy via the school newsletter.

The policy will be available on the school's website and will be incorporated into the school prospectus.

The school will use opportunities such as parents' evenings and Healthy Living weeks to promote this policy as part of a whole school approach to healthier eating.

All school staff, including teaching and catering staff and the school nurse, will be informed of this policy and will support its implementation.

Signed: W Horwood (Chair of Governors)
