

Reception Spring B Newsletter

We hope you all had a wonderful half term holiday. We are looking forward to another exciting term full of fantastic learning opportunities.

This term we are continuing to look at our topic space. We will be looking at the life of astronauts, our solar system and all about rockets. The children will be reading many books including 'Man on the Moon' and 'Goodnight Spaceman' to support lots of different learning and writing opportunities, helping us to develop our independent writing and phonics skills. We will also be going on our trip to The Life Centre on Tuesday 26th March to develop our knowledge about space, which you will receive a letter about shortly.

In Numeracy, we will continue to develop our strategies to solve addition and subtraction problems. We will also be learning how to tell the time and measure time in various ways.

Within R.E, we are starting our new topic growing where we will be looking at how we grow, what grows in spring and how we grow in love. We will be focusing on Lent and the special days during this time.

It is great to see the progress the children are making with their reading. Please continue to send your child's reading bag in **everyday** as it is important that they are reading at home and school regularly and have new books to read.

Please keep the learning pack that was sent home before the holidays. This is for you to use with your child at any time and will help them to recognise their sounds, tricky words and numbers which is very important at this time in the year. You should also have been given login details for 'Lexia' and 'Active Learn' within the pack. If you need the details again, please let me know and I can get them for you.

Little reminders

- Please make sure your child's clothing is clearly labelled.
- Please make sure your child brings a labelled water bottle into school as some children do not have one.
- Reading bags need to come into school every day.

Dates for the diary
