

Nursery Autumn

We have enjoyed learning all about 2D and 3D shapes.

We love doing jigsaws with our friends.

We planted some plants and learned how they grow.

Outside we played 'picnics'.

Our bacon sandwiches were lovely cooked on our fire pit.

One of our favourite stories was Handa's Surprise.

Next term we are looking forward to reading books such as *Supertato*, *Mr Gumpy's outing* and *The Gingerbread man*. We can't wait to use our fire pit again and are excited about doing more marvellous maths work.
