

Year 4 has had a wonderful half term and we have thoroughly enjoyed the topics we have covered across the curriculum. This half term we have looked at fractions and finding the area and perimeter of a shape in numeracy. The children have enjoyed learning about the Ancient Greeks and listening to the stories about evil gorgons and brave heroes. The children created their own story at the end of this unit and have produced some very imaginative heroes and monsters of their own!

During our afternoons we have been looking at plants and animals in our local area and also looking at how some animals across the globe are endangered. This sparked much passion in some of the children and they went on to raise money by having a Year 4 bake sale. All the money raised went to the WWF to help save endangered animals. Well done Year 4! We have also begun practicing our songs that we will perform in Durham Cathedral and have really enjoyed our singing lessons with Clair.

Overall we have had a very fun and action packed half term and can't wait to see what is going to happen next half term!
