

We have found out that Aliens love underpants this term.

We have painted patterns on pants. Some of us even used three colours.

We have put pants in order all the way up to 20.

We have learned how to count to ten in French. We played a circle game to help us practice.

We really enjoyed making aliens out of playdough. Each one was different.

We have loved exploring our new workshop area. Hammering nails is such fun!

Our garden is just blooming at the moment. We have weeded and watered our plants every day. Our potatoes are coming along nicely as are our peas and beans.
