

We went to the farm one day. We rode on little tractors....

And on the big ones to see the cows.

We brushed the donkey. She really enjoyed that.

We held the chicks and the rabbits. They were really soft and cute.

We fed the greedy lambs. They were very funny

Then we had some fun on the bouncy castle before we went home.

We have had a fantastic time in nursery this year. We have learned lots of lovely new things and are looking forward to new challenges in September.
