

HEADTEACHER: Mrs H Millett

Students, parents and staff all agree that we will work together to ensure that we live up to our aim of “being the best we can be” and that we support one another in our aim to be ambitious, ready and respectful in all that we do.

As a school we will do our best to ensure that we:

- *set work that is interesting and enables students to be ambitious*
- *communicate regularly about students’ progress and wellbeing*
- *manage behaviour to support a positive community spirit and climate for learning*
- *contact parents promptly if there are any concerns*
- *provide opportunities for all students to develop their skills and talents and to discover new ones throughout their time in school*
