

Ethos Statement

At Keelman's Way School we believe in the concept of lifelong learning and the idea that both adults and children learn new things every day. We maintain that learning should be a rewarding and enjoyable experience for everyone; it should be fun. Through our teaching we equip children with the skills, knowledge and understanding necessary for them to make informed choices about the important things in school and in their future lives. When it is required, staff advocate the needs of pupils, parents and carers to help give them a voice in making decisions. We believe that appropriate teaching and learning experiences help children to lead happy and rewarding lives that maximise their independence. We give our pupils the opportunities they need to become active successful, valued members of the wider community.
