Can't see an assessment to suit your service user? Please call **0161 342 4063**

### Volume 1 Issue 1 July 2018

ACE is rated "Good" by Ofsted

### Spotlight: Ofsted Visit

Ofsted Inspectors recently rated Tameside ACE as a "Good" provider, highlighting our responsiveness to training needs- including those in the hardest to reach and most deprived communities- and supporting people to achieve their goals.

Our small, friendly classes provide a comfortable learning environment to help people take that next step towards achieving their goals.

### Learner Success Story: Narendra

Narendra recently completed Jobs Online

"At my age I thought it would be hard to get back into a job but with the help of ACE I've been able to! Special thanks to the Tutor, Sarah Lees, as I wouldn't be in this job without her.

The JCP sent me to ACE for an IT course and I wasn't sure what it would be like but I have learned so much about computers. You get to know your class and it was good meeting new people. I learned new skills too, such as emailing, creating a CV, searching for jobs and attaching a CV to an email for an application.

I've been working now for about 6 weeks. I'm getting into it and am really happy with the job."
