Year 11 Science Revision Guides & Work Books

Dear Parent/Guardian

In order to prepare for their GCSE examinations in Science I would strongly advise that students have access to a revision guide. The school is able to negotiate discounts on bulk orders and so we would like to offer the opportunity to order a revision guide through school.

For students following the dual award program there are additional science revision guides available to borrow in the school library. If students would like to purchase a work book which has revision questions matched page for page with the revision guides these are priced at £2.75 but would normally retail at £5.95 in the shops. If students would like to purchase a revision guide of their own this would be an additional £2.75

Those in the triple science sets will require the separate Biology, Chemistry & Physics revision books. These books are priced at £8.25 for the three revision guides and 16.50 for the revision guides and work books. The set of revision guides would retail at £17.85 in the shops and £35.70 for the revision guides and work books.

If you would like to order revision guides or work books please order the books by logging onto parent pay and select the science revision guide account then ensure that you pay the correct amounts as detailed below:

Year 11 Gateway Students

- For CGP OCR Additional Science Work Book please pay £2.75
- For CGP OCR Additional Science Revision Guide and Work Book please pay £5.50

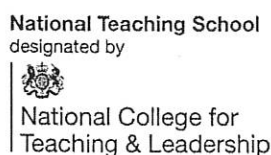

Year 11 Separate Sciences

- For Biology, Chemistry & Physics Revision Books please pay £8.25
- For Biology, Chemistry & Physics Revision Books and Work Books please pay £16.50

If you would like to order revision guides or work books please complete the payment on parent pay by 10am on Monday 10th October. Students who qualify for pupil premium funding will receive a revision guide free of charge.

Yours faithfully.

Matthew McAuley
Head of Science
