

What can you show the world?

Year 1/2 Autumn Term

As **WRITERS** we will be writing and performing our own performance poetry. We will be using our sense to write a poem and then will perform these to the rest of the school.

Year 1 will also be studying the text 'Sugarlump and the Unicorn'. They will be learning the signifiers for the story, acting out the story and then writing their own versions.

Year 2 will be studying the text 'The Singing Mermaid'. They will be focussing on descriptions; writing a variety of character and setting descriptions.

As **ENGINEERS** we will be making a puppet theatre out of junk modelling. First of all we will be designing our own puppet theatres, We will then make our models and use them to put on a performance for others in the class. Finally we will be evaluating our models.

In **P.E** we will be working indoors and outdoors. Year 1 will be doing ball skills outside and dance inside.

Year 2 will be working with Hull FC for the first half term. Their indoor session will be dance.

As **ARTISTS** we will be focussing on self portraits. We will create a portrait of ourselves using different media. We will be experimenting drawing different lines in pen to create a portrait. Then we will be mixing colours to paint a self portrait.

In **RE** Year 1 will be learning about 'Looking at me, looking at you' and Year 2 will be learning about 'Belonging'; What are the Big Questions?

In **PSHCE** we will continue to develop our skills and knowledge through Jigsaw.

City of Culture- During the Autumn term we will be following the City of Culture seasons with 'Tell the World'. Our real world outcome for this term will be our Christmas Production where the children can show the world their talents.

As **SCIENTISTS** we will be focussing on the human body. We will be identifying different parts of the body and then labelling them. We will then be writing fact files based on our features.

As **MATHEMATICIANS** we will be learning about number and place value. We will then move onto addition and subtraction.

Year 1 will be looking at numbers in different representations and using Numicon to represent a number.

Year 2 will be consolidating their knowledge of reading and writing numbers to 100. They will be ordering and comparing numbers. We will be working hard on place value this term and the children will be learning how to partition a number into tens and ones.

Later in the term Year 2 will be learning to add and subtract numbers within a hundred.

In **COMPUTING** Year 1 will be becoming treasure hunters, They will be using the Bee-Bots to find treasure. Year 2 will be becoming astronauts. The children will be using Bee-Bots and Scratch to get a rocket from the Earth to the Moon.
