

Striving for excellence, inspired by Gospel values.

Our 'Learning Timeline' is intended to provide a general overview of the way in which curriculum areas are covered throughout the year. Staff have designed their timeline to hook children into their learning and ensure curriculum coverage is effective. The time given to each topic is subject to change in order to ensure high levels of children engagement. In Reception, although the overview is planned in advance, if the children become very interested in something not already planned then the teachers may adapt the topic themes to match the children's interests. This allows staff to really immerse our younger children in their learning, making learning purposeful and relevant.

Over the course of the year there will be short periods during which a normal curriculum timetable will be suspended to allow for whole school projects: The whole school will engage in a range of art activities during a termly 'Art Day'. Awareness week will take place during the Spring term. Health week will take place during the Summer term.
