SCHOOL IMPROVEMENT PLAN

SEPTEMBER 2018 – JULY 2019

The School Development plan is split into six main sections

- **Outcomes for Pupils - Improvement Activities**
- **Teaching, Learning & Assessment - Improvement Activities**
- **Personal development, Behaviour & Welfare - Improvement Activities**
- **Leadership & Management - Improvement Activities**
- **Early Years**
- **Curriculum RE, Catholic Life and Collective Worship**

School context

St Aloysius Nursery and Infant School and St Aloysius Junior are average sized schools. The proportion of pupils eligible for pupil premium funding is average. It fluctuates between 35% in some year groups to 21%. We have a lower level of Pupil Premium pupils in the Infants, this is as a result of a small uptake of claims for Free School Meal in Reception to Year 2. The demographics of the school suggests this figure should be higher. The vast majority of pupils are of White British heritage and there are very few pupils who speak English as an additional language. The proportion of pupils who come from minority ethnic groups is low. Currently the percentage of pupils supported with Special Educational Needs is average. We have a rising number of pupils supported with an Education and Health Care Plan. Some of these pupils have complex social, emotional and behavioural difficulties. They are very well educated at St Aloysius. Stability is high. The school provides a very strong Christian ethos where all pupils are valued and their achievements recognised. This contributes well to outstanding spiritual, moral, social and cultural development.

- Attendance has been average over time in both schools and persistent absenteeism low. We have six children classed as persistently absent in the Infant's (R-Y2) and sixteen in the Juniors. In virtually all cases, it is as a result of holiday absence.
- There is a small group of pupils classed as disadvantaged and classed as persistently absent. A number of these children also have additional needs. Effective action plans for pupils with high absence rates are in place and showing strong impact..
- Persistent absence, for disadvantaged pupils, is improving strongly.
- Close monitoring and excellent support of any children/ families causing concerns takes place to ensure these children make outstanding academic progress.
- Staff make sure that school absences are followed up rigorously. This has resulted in particular individuals and families attending school more and as a result progressing further.

<p>Key Ofsted actions from last report</p>	<p>Inspection History</p> <p>The Infant and Nursery School was last inspected in March 2018 where the overall effectiveness was judged to be good. Areas for improvement were:</p> <p>Leaders and those responsible for governance should ensure that:</p> <ul style="list-style-type: none"> o disadvantaged pupils sustain high rates of progress in order to maximise their attainment at the end of key stage 1. <p><i>Disadvantaged attainment remains lower than other pupils as a result of complex special educational needs, however progress remains first rate. This was evidenced by the rising standards at the end of all key phases, the success of the recent Ofsted Inspection and School Improvement Advisor termly analysis.</i></p> <p>The Junior School overall effectiveness was judged to be outstanding. Areas for improvement were:</p> <p>Ensure all pupils fully understand how to apply their mathematical skills and understanding when solving problems in practical situations.</p> <p><i>Across the Federation there are now a much stronger use of solving problems within practical situations. Reasoning Maths is now built into every unit of work and the Maths curriculum allows pupils an opportunity to use real situations in their Mathematics lessons. The teaching of application in Maths and reasoning is now outstanding.</i></p>
<p>Key areas to improve</p>	<p>Outcomes for Pupils</p> <p>Ensure that we close the gap in performance to any pupil identified as disadvantaged. Improve the percentage of children achieving the greater depth standards at the end of KS1 and KS2</p> <p>Quality of Teaching, Learning and Assessment</p> <p>Ensure outstanding teaching and learning, with teachers that are determined that pupils achieve well. They have deep knowledge and understanding of the subjects they teach and have high expectations of all. Further enhance our early intervention provision and other interventions are timely and purposeful, leading to impact.</p> <p>Personal development, behaviour and welfare</p> <p>Guarantee all disadvantaged pupils have access to a vibrant and exciting academic curriculum and wider school experience. Improve the attendance of the school minority of pupils who are classed as Persistently absent.</p> <p>Effectiveness of leadership and management</p> <p>Develop the middle leaders so they impact significantly on school improvement priorities.</p> <p>RE</p> <p>Develop and embed end of key stage assessment across the whole school in line with new diocesan guidelines.</p>

<p>Background information</p> <p>Key staffing areas of issue</p>	<p>St Aloysius Nursery and Infant School and St Aloysius Junior School are part of the St Aloysius Primary Federation. They share the same headteacher and governing body. The current head teacher has been in post since September 2013. Three weeks after appointment both schools had an Ofsted inspection where the Infant school was graded 'Good' and the Junior School was graded 'Requires Improvement.' In September 2015 Ofsted revisited the Junior School and graded the Junior School as 'Outstanding' in all areas. In March 2018, a short inspection took place on the Infant school. The school maintained good judgement based on the evidence gathered during the inspection, the school demonstrated strong practice and marked improvement in certain areas. This indicated that the school could be improving towards being outstanding - we are firmly of this view. The Infant and Junior schools work in very close partnership and have shared policies, procedures and staffing. Both schools are in a very strong position with rapidly rising standards and first rate teaching in all phases of the federation. Staffing is stable.</p>
<p>Budget information</p>	<p>The school is consistently able to set a balanced budget and is effective in obtaining funding to impact positively on the school budget.</p>
<p>Key performance indicators</p>	<p>A significant minority of children come into the Nursery and Reception classes with skills and knowledge which are well below those expected for their age, especially in speech and language, writing and number. They quickly settle into school routines, make excellent progress and become confident learners. Historically, they have left the Infant school with broadly average standards, attainment at the end of Reception and KS1 is now rising fast and moving quickly to above average. This is as a result of outstanding teaching. Attainment on entry to the junior school is currently broadly average but rising. The Year 6 cohort consistently leave St Aloysius Federation with high standards which demonstrate significantly above average attainment and progress.</p> <p>We know there is a difference in attainment and progress for disadvantaged pupils when compared with pupils nationally. The school's assessment information shows this is particularly noticeable in Reception and Year 2 and Year 6, in reading, writing and mathematics. The majority of these pupils have special educational needs (SEN). Pupils consistently achieve as well as they can and are given excellent support. We use pupil premium funding and special educational needs funding effectively to put interventions in place. We carefully track the individual attainment and progress of disadvantaged pupils rigorously.</p>
