CHILD PROTECTION POLICY FOR GRAHAM JAMES PRIMARY ACADEMY

This policy applies to all staff, including senior managers and the governing body, paid staff, volunteers, agency staff, students or anyone working on behalf of Graham James Primary Academy.

1. PURPOSE

The purpose of this policy:

- To protect children and young people who receive Graham James Primary Academy’s services;
- To provide staff and volunteers with the overarching principles that guide our approach to safeguarding and child protection;

Graham James Primary Academy believes that a child or young person should never experience abuse of any kind. We have a responsibility to promote the welfare of all children and young people and to keep them safe. We are committed to practise in a way that protects them.

2. INTRODUCTION

Graham James Primary Academy takes seriously its responsibility to protect and safeguard the welfare of children and young people in its care. We fully adopt and believe that “The welfare of the child is paramount” (the Children Act 1989).

There are three main elements to our Child Protection policy:

- **Prevention** through the creation of a positive school atmosphere and the teaching, and pastoral support offered to pupils.
- **Protection** by following agreed procedures and ensuring all staff are trained and supported to respond appropriately and sensitively to child protection concerns.
- **Support** to pupils who may have been abused.

At Graham James Primary Academy we recognise that:

- **Safeguarding and promoting the welfare of children is everyone’s responsibility**
  - The welfare of the child is paramount, as enshrined in Children Act 1989
  - All children regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation are safeguarded and protected.
  - Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
  - Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people’s welfare.

At Graham James Primary Academy, we will seek to keep children safe by:

- Establish and maintain an environment where pupils feel safe and secure and are encouraged to talk knowing they will be listened too.
- Ensure that pupils know that they can approach any adult in the school if they are worried or are in difficulty.
- Include in the curriculum activities and opportunities for PSHE which equip pupils with the skills they need to stay safe from abuse and to develop healthy and safe relationships.
- Include in the curriculum materials that will help pupils develop realistic attitudes to the responsibilities of adult life, particularly with regard to child care and parenting skills.
- Make parents/carers aware of the school policies and practice for safeguarding and ensure that, wherever possible, every effort will be made to establish open and honest effective working relationships with parents and colleagues from partner agencies.
- Appoint a Designated Child Protection Co-ordinator (DCPC) (Mrs Petra Back – Headteacher), a deputy (Mr R Turner – Deputy Headteacher) and a designated governor (Mr T Myers – Vice Chair).
- Developing and implementing effective Safeguarding/ Child Protection policies
- Provide effective training and updates to all staff
- Recruit staff and volunteers safely, ensuring all necessary checks are made
- Recording and storing information professionally and securely, and sharing information about safeguarding and good practice with children, their families, staff and volunteers via leaflets, posters, one to one discussions
- Using our safeguarding procedures to share concerns with relevant information with agencies who need to know, and involving children, young people, parents, families and carers appropriately.
- Using our procedures to manage any allegations against staff and volunteers appropriately
- Creating and maintaining an anti-bullying environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying that does arise.
- Ensuring that we have an effective complaints and whistleblowing measures in place
- Ensuring that we provide a safe physical environment for our children, young people, staff, volunteers, parents and carers, by applying health and safety measures in accordance with the law and regulatory guidance.

3. FRAMEWORK

Child protection is the responsibility of all adults and especially those working with children. The development of appropriate procedures and the monitoring of good practice are the responsibilities of the Thurrock Local Safeguarding Children Board (LSCB), Civic Offices, New Road, Grays, RM17 6SL. Telephone 01375 652 813 or email: lscb@thurrock.gov.uk

In Thurrock, all professionals must work in accordance with the SET Procedures 2018.

Our school also works in accordance with ‘Keeping Children Safe in Education’ (DfE, September 2016), ‘Working Together’ (DfE) and SET procedures 2018.

4. What Staff at Graham James Primary Academy should know and do:

Staff at Graham James Primary Academy are aware that they are an important part of the wider safeguarding system for children and the importance of this role. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals at Graham James make sure their approach is child-centred. This means that they consider, at all times, what is in the best interests of the child.

It is important to remember that no single professional can have a full picture of a child’s needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.
5. The role of staff members at Graham James Primary Academy:

Safeguarding and promoting the welfare of children is everyone’s responsibility

All staff members at Graham James Primary Academy are important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating.

**IF A DISCLOSURE IS MADE** – staff must follow the procedure below:

**Safeguarding – The Procedure to follow at Graham James Primary Academy for a disclosure**

You may be the first person that a child has trusted and it has probably taken a great deal of courage to talk to you and disclose information, if this happens you must follow all of the steps below

1. Listen carefully and reassure the child that they have done the right thing in talking to you
2. Take seriously what the child is saying to you and if appropriate make notes of the:
   - Time
   - Place
   - Names of anyone else present
   - The key points disclosed
3. Remain calm and try not to demonstrate your own emotions regarding what is being disclosed.
4. Do not ask leading questions, ask a child to undress to show you any alleged injuries or make judgements or comments about the alleged abuser/s.
5. Never promise confidentiality
6. All disclosures must be written on a ‘CAUSE FOR CONCERN’ form and referred to one of the following members of staff who are designated people for child protection at Graham James Primary Academy as soon as you can:
   - Mrs Petra Back (Headteacher)
   - Mr Richard Turner (Deputy Headteacher)
   - Mrs Julie Conroy (Assistant Headteacher)

**IF STAFF HAVE A CONCERN (e.g. change in behavior)** – staff must follow the procedure below:

- If a member of staff has a concern – regardless of a disclosure or not a ‘CAUSE FOR CONCERN’ must be completed and and referred to one of the following members of staff who are designated people for child protection at Graham James Primary Academy as soon as you can:
  - Mrs Petra Back (Headteacher)
  - Mr Richard Turner (Deputy Headteacher)
  - Mrs Julie Conroy (Assistant Headteacher)
**PLEASE NOTE** – If staff members have any concerns about a child – they must inform the Designated Person within the school. HOWEVER, any member of staff can make a referral to children’s social care. If anyone other than the designated safeguarding lead makes the referral, they should inform the designated safeguard lead as soon as possible in order to keep accurate records.

If a child is in immediate danger or risk of harm:

If a child is in immediate danger or is at risk of harm, a referral should be made to children’s social care and/or the police immediately. Anyone can make a referral. However, at Graham James we recommend following the guidance given on the previous page. Where referrals are not made by the designated safeguarding lead, the designated safeguarding lead should be informed as soon as possible that a referral has been made.

What Graham James Primary Academy staff should look out for:

At Graham James Primary Academy staff members, working with children are advised to maintain an attitude of:

‘IT COULD HAPPEN HERE’

All members of Graham James Primary Academy should be aware of the types of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. Knowing what to look for is vital to early identification:

**Neglect**

Neglect is the persistent failure to meet a child’s physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. It may involve a parent or carer failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

**Physical Abuse**

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately causes ill health to a child whom they are looking after. This situation is commonly described using terms such as factitious illness by proxy or Munchausen syndrome by proxy.

**Sexual Abuse**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative (e.g. rape or buggery) or non-penetrative acts. They may include non-contact activities, such as involving children in looking at, or in the production or, pornographic material watching sexual activities, or encouraging children to behave in sexually inappropriate ways.
Emotional Abuse

Emotional abuse is the persistent emotional ill-treatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse in involved in all types of ill-treatment of a child, though it may occur along.

It should be noted that these categories may overlap.

6. TRAINING AND SUPPORT

The Designated Safeguarding Lead (and Deputy) will undergo updated child protection training every two years. All staff members and governors will undergo child protection training which is updated regularly. A record of all Child Protection training will be kept.

The school will ensure that the Designated Safeguarding Lead (and Deputy) also undertakes training in inter-agency working and other matters as appropriate.

Child protection work can be difficult, distressing and extremely stressful. School staff who become involved in this area of work will therefore often need support and a ‘listening ear’. Staff will be supported by The Headteacher or the Deputy Headteacher. The designated teacher will be supported by the Governors.

As part of training, all staff members at Graham James Primary Academy should be aware of systems within the school. This includes:

- the child protection policy (Which can be found on the school website & in the staffroom)
- the staff code of conduct (Which can be found in the staff room)
- the role of the designated safeguarding leads.

At the beginning of each academic year, all staff will take part in a safeguarding update and part one of the Keeping children safe in education will be provided, as well as the new updated safeguarding policy.

Graham James Primary Academy are committed to train staff members on the topic of safeguarding and child protection. In addition all staff members will receive safeguarding and child protection updates throughout the academic year.

7. RECORDS AND MONITORING

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school, the status of such records and when these records should be passed over to other agencies.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, must make an accurate record as soon as possible noting what was said or seen (if appropriate using a body map to record), putting the event in context, and giving the date, time and location. All records will be dated and signed and will include the action taken. This should be presented to the Designated Safeguarding Lead (or Deputy) who will then decide on appropriate action.
Any file notes are kept in a confidential file in chronological order (which is separate to pupil files) and stored in a secure place. All child protection records are stored securely and confidentially and will be retained for 35 years after the last entry (in line with Thurrock Council policy).

If a pupil transfers from the school, these files will be copied and forwarded to the pupil’s new educational setting, marked ‘Confidential’ and for the attention of the receiving school’s Designated Safeguarding Lead.

8. ROLES AND RESPONSIBILITIES

It is the role of the Designated Safeguarding Lead to ensure that all child protection procedures are followed within the school, and to make appropriate, timely referrals to Thurrock Children’s Social Care in accordance with SET procedures. If for any reason the Designated Safeguarding Lead is unavailable, a Deputy Designated Safeguarding Lead will act in their absence. Additionally, it is the role of the Designated Safeguarding Lead to ensure all staff employed including temporary staff, volunteers and contractors within the school are aware of the school’s child protection procedures, to advise staff and to offer support to those requiring this.

The Governing Body and school leadership team are responsible for ensuring that the school follows recruitment procedures that help to deter, reject or identify people who might abuse children (see ‘Safer Recruitment policy for further information’)

The Designated Governor for Safeguarding ensures there is an effective child protection policy in place and that this is updated annually. Governors must not be given details relating to individual child protection cases or situations to ensure confidentiality is not breached.

The Headteacher and / or the Designated Safeguarding Lead provide an annual report for the governing body detailing any changes to the policy and procedures; training undertaken by all staff and governors and other relevant issues.

The Designated Governor will undertake an annual Safeguarding audit of Child Protection provision within the school (Designated safeguard leads will support this process) and will make sure that safeguarding contact details are kept prominently displayed in the school to ensure that all staff have unfettered access to safeguarding support.

The school will publish its Child Protection policy on its school website alongside ‘Keeping Children safe in Education’ (DfE, September 2016).’

The school will actively promote online safety on its website and signpost stakeholders to information that will help keep children safe online.

It is not the responsibility of teachers/care/support staff to investigate abuse or decide if abuse has taken place. The school does, however, have a duty to act on any concerns and refer to the investigating agencies (Social Services and the Police).

9. PROFESSIONAL CONFIDENTIALITY

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. The only purpose of confidentiality in this respect is to benefit the child. A member of staff must never guarantee confidentiality to a pupil nor should they agree...
with a pupil to keep a secret as, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead and may require further investigation by appropriate authorities.

Staff will be informed of relevant information in respect of individual cases regarding child protection on a 'need to know basis' only. Any information shared with a member of staff in this way must be held treated confidentially.

10. SUPPORTING PUPILS

Graham James Primary Academy recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth or view the world as a positive place.

Graham James Primary Academy may be the only stable, secure and safe element in the lives of children at risk. Nevertheless, whilst at school their behaviour may still be challenging and defiant or they may be withdrawn.

Our school will endeavour to support pupils through:

- The curriculum to encourage our pupils to stay safe, develop healthy relationships, self-esteem and self-motivation.
- The school ethos which promotes a positive, supportive and secure environment and which gives all pupils and adults a sense of being respected and valued.
- The implementation of the school's behaviour management policies.
- A consistent approach agreed by all staff which will endeavour to ensure the pupil knows that some behaviour is unacceptable but s/he is valued.
- Regular liaison with other professionals and agencies who support the pupils and their families.
- A commitment to develop open and honest and supportive relationships with parents, with the child’s best interest as paramount
- The development and support of a responsive and knowledgeable staff group, trained to respond appropriately in child protection situations.
- Recognition that children with behavioural difficulties and disabilities are most vulnerable to abuse so staff who work in any capacity with children with profound and multiple disabilities, sensory impairment and / or emotional and behavioural problems will need to be particularly sensitive to signs of abuse.
- Recognition that in a home environment where there is domestic violence, drug or alcohol abuse, children may also be vulnerable and in need of support or protection.

11. SUPPORTING STAFF

Child protection work can be difficult, distressing and extremely stressful. School staff who become involved in this area of work will therefore often need support and a 'listening ear'. Staff will be supported by The Headteacher/ Senior leadership team. The designated teacher will be supported by the Governors.

12. ATTENDANCE AT CHILD PROTECTION CONFERENCES & CORE GROUPS

It is the responsibility of the Designated Safeguarding Lead to ensure that the school is represented at and that a report is submitted to any child protection conference called for children on the school roll or previously known to them. Whoever attends should be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions at the conference.

If a child is made subject to a Child Protection Plan, it is the responsibility of the Designated Safeguarding Lead to ensure the child is monitored regarding their school attendance, welfare and presentation. If the school are part of the core group then the Designated Safeguarding Lead, or representative should ensure
that the school is represented and contributes to the plan at these meetings; that there is a record of attendance and issues discussed. All concerns about the child protection plan and / or the child’s welfare should be discussed and recorded at the core group meeting unless the child is at further risk of significant harm. In this case the Designated Safeguarding Lead must inform the child’s key worker immediately and then record that they have done so and the actions agreed.

13. Safeguarding & Child Protection in Specific Circumstances

Attendance

We are aware that a pupil’s unexplained absence from school could mean that they are at risk from harm.

(1) We will always report an unexplained absence of a child with a Child Protection Plan to the child’s social worker within one day

(2) We will always seek to clarify the reason for a child’s absence from school with the child’s parent or carer as soon as is practical on the first day

(3) We will always report a continued absence about which we have not been notified by the parent or carer to the Education Welfare Service.

(4) We will always report to the local authority the name of any child who has been newly registered to attend our school but does not arrive on the expected day

(5) We will always report to the Education Welfare Service the continued absence of a child known or thought to have been taken overseas if the child does not return to school on the expected return date.

Pupil Behaviour

We will always aim to maintain a safe and calm environment by expecting good behaviour from our pupils in line with our behaviour policy.

We are aware that any physical response from a member of staff to a pupil’s poor behaviour could lead to a child protection concern being raised by the child or parent/carer.

(1) No member of staff will use force when dealing with a pupil’s breach of our behaviour policy unless the potential consequences of not physically intervening are sufficiently serious to justify such action (please refer to the ‘use of reasonable force’ – please see Behaviour Policy for further information)

(2) We will always record any occasion when physical intervention has been necessary

(3) We will always notify parents or carers of any such incident

Bullying

We understand that bullying is harmful to children. We have an anti-bullying policy that sets out our aim of ensuring no child becomes a victim of bullying and the work that we carry out in school to foster an environment where bullying behaviour is known to be unacceptable. We will always take seriously any reports of bullying and respond appropriately.
We understand that bullying may take different forms and may include racist or homophobic behaviour. Any such reported or observed incident will be dealt with in accordance with our anti-bullying policy.

**E-Safety**

We recognise that children’s use of the Internet is an important part of their education but that there are risks of harm associated with its use. We have an e-safety policy that addresses how we minimise those risks in school and teach children how to stay safe when using the internet in their lives out of school.

We also recognise that all members of staff and volunteer staff must always be mindful of the need to follow our policy of acceptable use of our IT equipment (Also refer to the use of mobile phone policy).

**Health & Safety**

We have a Health & Safety Policy which demonstrates the consideration we give to minimising any risk to the children when on the school premises and when undertaking activities out of school under the supervision of our staff.

**Radicalisation - PREVENT Safeguarding Objectives**

Within this overall framework the Prevent strategy will specifically:

- respond to the ideological challenge of terrorism and the threat we face from those who promote it;
- prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support; and
- work with sectors and institutions where there are risks of radicalisation which we need to address.

Graham James Primary Academy helps to protect children from extremist and violent views in the same ways that we help to safeguard children from other risks such drugs, gang violence or alcohol.

The purpose is to protect children from harm and to ensure that they are taught in a way that is consistent with the law and our values. Awareness of Prevent and the risks it is intended to address are both vital. Staff can help to identify, and to refer to the relevant agencies, children whose behaviour suggests that they are being drawn into terrorism or extremism.

Schools of all kinds can play a role in enabling young people to explore issues like terrorism and the wider use of violence in a considered and informed way. At Graham James we facilitate understanding of wider issues within the context of learning about the values on which our society is founded and our system of democratic government. These are important for reasons which go far beyond Prevent but they connect to the Prevent agenda.

PREVENT referrals should be reported in line with other safeguarding procedures.

You can contact the Essex Police to discuss any concerns on PREVENT@essex.pnn.police.uk.

(For further information on Prevent please see Appendix 5)
14. ALLEGATIONS INVOLVING A MEMBER OF STAFF

It is essential that the high standards of concern and professional responsibility adopted with regard to alleged child abuse by parents are similarly displayed when members of staff are accused of abuse.

Only authorised agencies may investigate child abuse allegations (Social Care Services, the Police or in some areas, the NSPCC). Whilst it is permissible to ask the child(ren) simple, non-leading questions to ascertain the facts of the allegation, formal interviews and the taking of statements is not.

The procedure to be followed in the event of an allegation being made against a member of staff is set out in the SET procedures. In summary, Where an allegation against a member of staff has been made, the Head Teacher or another senior manager will immediately telephone the Children’s Safeguarding Service on 01375 652535. A Local Authority Designated Officer (LADO) will advise on how to proceed and whether the matter requires Police involvement. This will include advice on speaking to pupils and parents.

15. WHISTLEBLOWING

All staff must be aware of their duty to raise concerns about the attitude or actions of colleagues in line with the schools Code of Conduct / Whistleblowing policy.

- Behaviour policy
- Whistleblowing policy

Multi Agency Safeguarding Hub (MASH)

As part of Thurrock's vision to provide the most effective services to children within its resourcing capability we have agreed to implement a pathway to service model known as MASH from 21st July 2014.

What is MASH

MASH acts as an intelligence hub, in which each agency identifies what information they hold on a child/young person and the adults around them. Each agency then assesses whether it is appropriate for their information to be shared (in line with the Information Sharing Arrangement) with partners in the hub as well as outside of the hub. Collectively an agreement will be made on the best course of action for that referral. Core agencies will ensure that their representatives either sit in the MASH office on specific days or have ‘virtual’ contact.

All information will be decided on a case-to-case basis and is subject to the Information Sharing Agreement (ISA).

The Mash Vision

‘to identify and make safe at the earliest opportunity all vulnerable people in our communities through the sharing of information and intelligence across the safeguarding partnership’

The MASH will:

Inform partners in the MASH about the level of need or risk at the first point of contact – this means assessing the concerns the professionals and the public have about a child or young person in order to make informed decisions about their level of vulnerability.

• Play a lead role in supporting and promoting information sharing. This will improve information sharing and risk assessment at the point of referral.

• Ensure that the advice and information to parents, carers and partner agencies is appropriate when signposting to services. Based on this information Children's Social Care will decide on what actions are appropriate to the referral.

MASH – The three outcomes

1. Early identification and understanding of risk & harm
2. Victim identification and intervention
3. Harm identification and reduction

The 5 core elements

1. All notifications relating to safeguarding and promoting the welfare of children to go through the hub.
2. Co-location of professionals from core agencies to research, interpret and determine what is proportionate and relevant to share.
3. The hub is fire walled, keeping MASH activity confidential and separate from operational activity and providing a confidential record system of activity to support this.
4. An agreed process for analysing and assessing risk, based on the fullest information picture and dissemination of a suitable information product to the most appropriate agency for necessary action.
5. A process to identify victims and emerging harm through research and analysis.
Early offer of help

It may be decided at MASH level that a referral may not meet threshold, however, support may be needed. This is known as ‘Early offer of help’. Or, If the designated officers at Graham James Primary decide that a case does not meet threshold for a social care referral (Into MASH), they may complete a PASS (Prevention and support service) nomination for Early Support – The aim being to avoid statutory intervention at CIN (Child in Need) or CP (Child Protection) level.

Staff at Graham James Primary Academy are aware of the early help process, and understand their role in it. The philosophy promoted at Graham James Primary Academy is that any concerns or ‘gut feelings’ must be reported by completing a Cause for Concern’. Early identification is key to support our aim of Prevention.

If a case meets the threshold for Early Support, the case will be kept under constant review and consideration given to a referral to children’s social care (via a CAF) if the child’s situation does not appear to be improving. Graham James Primary Academy will fully engage in the Early Support process and share all relevant information/ assessments.
‘Everyone who comes into contact with children and their families has a role to play in safeguarding children.’
