

## Register of Business Interests for Elizabeth Woodville School Governors: 28th November 2017

This register is a statutory document for the Full Governing Body. Where there has been any doubt, the presumption has been in favour of disclosure to support transparency and accountability. It is important that governors and staff not only act impartially, but are also seen to act impartially. Governors have a legal responsibility to avoid conflict between their business and personal interests and affairs and those of the school and to declare an interest likely to lead to questions of bias when considering any item of business at any meeting of governors.

The SIGNED hard copies of the Register are kept in the governors folder at school.

The register is reviewed annually. Governors are aware of the need to declare any changes as and when they occur.
