## Art & Design Saturday Club

Now in its ninth year, the Saturday Club runs in 60 locations across the UK, in colleges, universities and museums. As well as more than 100 hours of specialist tuition, young people also benefit from visits to museums and galleries, Masterclasses from leading practitioners and an exhibition of their work in London's Somerset House. [Learn more about the Saturday Club](#)

### National Saturday Club Vision

“ We believe that every 13–16 year old should have the opportunity to study subjects they love on Saturdays at their local university or college. Over the academic year, their Saturday Club tutors and industry professionals will build their skills, nurture their talent and inspire them towards further and higher education and careers that will be right for them ”

With Escape Studios and the Saturday Club, students will get a chance to explore their creativity by attending fun sessions learning Art and Design, VFX, Animation and Game Art. Take a look at the video below to find out more!
