Ghyll Scrambling

INTRODUCTION

Ghyll Scrambling is a powerful team building and personal development activity run as a wet or dry session. It can be either a full or half day session.

VENUE

Any venue approved by the permanent member of staff in charge.

STAFFING

- Ratio: The normal instructor/student ratio.
- Staff should have knowledge of the venue. Mountain Leader Award and water safety awareness or suitable in-house training.

EQUIPMENT

Centre provides all specialist equipment.

OPERATING CONSIDERATIONS

- Consideration given to helmets, harnesses, buoyancy aids, footwear and wet suits according to conditions and venue.
- Groups should take appropriate clothing for the conditions and venue.
- Weather forecast, water levels and any dam release dates to be checked with awareness of implications.
- Awareness that the dynamic of a location can change and the implications this could cause.
