Heartlands High School

Sixth Form Consultation

Rationale

Our rationale for opening a Sixth Form centre at Heartlands High School for students wishing to study A Levels at the School is to:

- ensure the highest standards of A Level teaching providing our students with the opportunity to study at a university of their choice, in subjects that they enjoy;
- provide the highest-quality information, advice and guidance for students within the school;
- create scholarly students well equipped for the rigour and independence required to succeed at university and in life;
- to encourage our students to live and work in Haringey.

About the Sixth Form Provision at Heartlands High School

The Sixth Form provision at Heartlands High School will be for 300 students. Admission to places within the Sixth Form will give priority to those students from the School who have achieved the equivalent of a Grade B at GCSE. In 2019, this will be any students that achieve a Level 6 in the new GCSEs in English and Maths and a Level 6 within the subject that they wish to study. Priority will be given to facilitating subjects which are well regarded by the best universities within the country. In addition to these subjects, the School would offer some further areas of study which are a particular strength within the School.

Subjects will include English, English Language, Maths, Further Maths, Physics, Chemistry, Biology, History, Geography, Sociology, French, Spanish, PE, Computing, Art, Drama, Psychology, Music, Politics, Business Studies.

Why are we not offering Level 2 courses to ensure that all of our students can stay on?

There is already a depth of provision of Level 2 and 3 courses that meet the needs of students. Many of our students thrive on this offer and we do not believe that we would be able to add significant value to it. We will continue to encourage students to study vocational courses at all levels if it is appropriate for them.

Consultation

The consultation runs for six weeks between Monday 8th May and Monday 26th June. Please make sure we receive your comments and completed questionnaires by Monday 26th June. You can respond to the consultation by completing the questionnaire and returning it to **Sixth Form Consultation, Heartlands High School, Station Road, N22 7ST** or by following this link to an online questionnaire.
