Dear Parent/Carer

We take data protection very seriously at Marden High School, and as such we have been working hard to comply with some upcoming changes to data protection regulations.

On the 25th May 2018, the General Data Protection Regulation (GDPR) will replace the Data Protection Act 1998. The GDPR requires public authorities and businesses to identify the lawful basis for storing personal data.

We like to celebrate the great learning that happens in school and on visits/activities that the students participate in. We use this for displays within school, on our website and on other publications such as the school prospectus. We require your consent to use photographs for these purposes. Please tick the appropriate boxes below to show whether or not you consent for photographs of your child to be used.

- I do wish my child to be photographed for displays in school
- I do not wish my child to be photographed for displays in school
- I do wish my child to appear on the school website/publications
- I do not wish my child to appear on the school website/publications

You have the right to withdraw or give consent at any time. You can do this by emailing your request to office@mardenhigh.net.

Consent remains valid for the time your child is in school unless it is withdrawn.

Withdrawal of consent only applies from the date it is withdrawn.
