

LKS2 Home Learning - Term 4

Choose **AT LEAST ONE** Home Learning Task from **EACH** of the boxes below. These will be due in to school on **Fri-day 25th March**

Read every day for at least 15 minutes and record in your home school book. Learn and practise spelling patterns given out weekly and times tables as per your target. Use Mathletics and Bug Club as much as possible.

Learning Adventure Tasks:

- Create a Celtic village in 3D
- Write a diary of a Celt living in Britain
- Create a map to show where the Celts lived in Britain
- Find out about Celtic jewellery and design your own piece of jewellery to reflect what you have found out
- Choose a family of animals e.g. Cats, horses, dogs, sharks etc and find out what different species there are (domesticated or wild) and create a fact file.
- Research a Celtic dish and recreate it in your own kitchen. Take photos of the ingredients and you creating your dish. Include the recipe.

RE Tasks:

- Choose one of the stations of the cross and create an image for a stained glass window
- Write a poem about the crucifixion of Jesus and the resurrection. Illustrate your poem
- Create a diary from the point of view of one of the soldiers who crucified Jesus.
- Create a diary from the point of view of one of Jesus' disciples, or his mother Mary
- Create the crucifixion scene or the resurrection scene in 3D, or in a 2D painting.

Thank you for all families who have encouraged and supported their child to produce high quality home learning. It is evident from the buzz and excitement that children are finding this approach to home learning a chance to get their creative juices flowing. However in a small minority of cases, children are still leaving this home learning to the last minute which means they are missing out on the opportunity to plan, develop ideas and share their successes with the class. Also this approach to learning helps develop good habits of planning and organising.

Remember you can use Powerpoint presentations, video, photography, art materials, models, recycled materials or anything else creative to present your learning.

Thank you again for all your enthusiasm and support as we continue through the year.
