

'PE and sports funding' and the impact that it will have at Whitefield

As a school, Whitefield Primary School have always been committed to PE and Sport and now with the government funding we are able to provide our children with the best possible PE and Sport provision.

We aim to provide all of our children with the opportunity to take part in a range of sports and compete competitively against each other and other schools in a variety of sports in both KS1 and KS2. Sport is essential to helping children lead a healthy and active life, increase concentration levels within class as well as developing a range of skills in a variety of sports. As a school we activity promote physical activity with the vision that our children will remain active throughout their lives.

A. Aims and objectives

A.1 In line with the Department for Education (DfE), a high quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physical activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.

A.2 The national curriculum for physical education aims to ensure that all pupils:

- Develop competence to excel in a broad range of physical activities
- Are physically active for sustained periods of time
- Engage in competitive sports and activities
- Lead healthy, active lives

PE and sports provision at Whitefield

Our sports provision is delivered by TB sports. All lessons are delivered to a very high standard and are overseen by the PE co-ordinator. All children are taught and have access to a Games, Dance, Swimming (year 3 - 6) and Gymnastics curriculum in which they are assessed on a regular basis and progression is clear to see throughout the key stages. During these units the children have the opportunity to compete against each other with the possibility to then go on to take part in Level 2 and level 3 competitions run by LSSP. During lessons children are encouraged to self assess their learning.

AS well as delivering PE sessions TB sports provide our children with highly engaging and motivating extracurricular sessions during lunchtimes and afterschool. We also have other clubs that are delivered by other members of staff, including a dance club delivered by an external dance teacher
