McDonald's Management Degree Apprenticeship

While you enjoy some well-earned time off over Christmas, you might find you have the time to start thinking about your future and maybe fill in some of those dreaded application forms.

We're looking for people that are comfortable rolling up their sleeves and getting involved. Quick learners that have providing a great customer experience and delivering high standards at the top of their minds.

The ability to maintain high energy levels whilst working efficiently is also essential. Finally, we are looking for those that have an aptitude towards problem solving, decision making and motivating, leading and inspiring people.

Check out our apprenticeship role and apply today!

McDonald's Management Degree Apprenticeship

McDonald's Management Degree Apprenticeship lasts five years and gives students the opportunity to follow a structured training programme, which leads to valuable qualifications. At the end of it, participants will have gained loads of practical experience and progressed through different management roles. They will have helped make real business decisions and could even go on to manage their own restaurant.

There is a financial advantage too. The Apprenticeship is a great opportunity to earn while you learn. You won't have the tuition fees, or the student loan, but you will be paid a competitive salary that increases as you progress through the programme.

The programme initially leads to a level 3 apprenticeship. You then have the opportunity to gain a BA (hons) degree in business management and retail, and chartered manager status with the Chartered Management Institute (CMI).

Taster Days at Murray Edwards College - Classics/English/Geography/History

Taster Day for Classics and English – Tuesday 19 February 2019

On Tuesday 19 February 2019, Murray Edwards College will be holding a Taster Day for young women in Year 12 who are considering studying either Classics or English at degree level. The event will provide an insight into what it is like to study Classics or English at Cambridge University. The English and Classics sessions will run in parallel and will include a taster lecture as well as a session providing course information. For students taking part in the Classics sessions, there will also be an opportunity to visit Cambridge University's Museum of Classical Archaeology. Further information and an online booking form can be found at:

<https://www.murrayedwards.cam.ac.uk/classics-and-english-taster-day-tuesday-19-february-2019>.

Taster Day for Geography and History – Friday 22 February 2019

On Friday 22 February 2019, Murray Edwards College will be holding a Taster Day for young women in Year 12 who are considering studying Geography or History at degree level. The event will provide an insight into what it is like to study Geography or History at Cambridge University. The Geography and History sessions will run in parallel and will include a taster lecture as well as a session providing course information. STUDY IN THE USA? Apply by 20th Jan for the Sutton Trust US Programme for Sixth Formers

The Fulbright Commission have asked us to remind teachers that applications for their fantastic Sutton Trust US Programme for students interested in studying in America will be closing at 11.59pm on January 20th, 2019. 150 students from across the UK will be selected to take part in the residential programme. It is completely free of charge.

The Sutton Trust US Programme is designed to support high achieving Year 12 students from state schools across the UK to explore US study and access leading universities. It includes two residencies in the UK, before all students spend a week in the US staying on campus at a leading US university and visiting a variety of other American universities. An optional second year of the programme supports students to apply to US universities alongside their UCAS options. In the past six years, we have helped more than 300 British students get places and funding at top US universities.

The Programme is founded and funded by the Sutton Trust, the UK's leading social mobility charity, and delivered in partnership with the Fulbright Commission, who are experts in helping UK students study in the US.

How much does it cost for students?

The programme is free for students – including travel, food, accommodation, admissions test preparation and more, all costs are covered by The Sutton Trust and its donors.

Who are we looking for? To be eligible to apply, students must:

Currently be in Year 12 (England and Wales), S5 (Scotland), or Year 13 in Northern Ireland

Have always attended a state school or college (non-fee paying) in the UK

Not hold US citizenship

Be from a low-income family (generally, this will mean a household earning £45,000 or less)

Be interested in US culture and higher education

Additional criteria: we are looking for applicants who also meet the criteria below. The more of these you meet, the more likely you are to secure a place:

Would be the first generation of their family to attend university

Have been eligible for free school meals

Attend a school or college with a below-average A Level or Higher point score and/or a low rate of progression into higher education

Live in a neighbourhood with a low rate of progression into higher education and/or a high level of socio-economic deprivation

Have excellent GCSEs or S4 qualifications:

England and Northern Ireland: Have achieved at least eight GCSEs at grade A or 7 or above, or near this level

Wales: Have achieved at least eight GCSEs at grade A or above, or near this level

Scotland: Have achieved at least six B passes at National 5 or above, or near this level

When is the deadline for students to apply?

Students must submit their application by 11.59pm on Sunday, 20 January 2019. However, we strongly advise they get started earlier, as the application form requires some thinking!

There's lots more information on our website: <https://us.suttontrust.com> and the application form can also be found there.

Pembroke College Cambridge, January Newsletter

Year 12 Subject Masterclasses

We are delighted to be hosting subject masterclasses for Year 12 state school students this March. The subjects available are:

Saturday 23rd March

Mathematics

Natural Sciences (Biological)

Computer Science

Geography

Saturday 30th March

Classics

Education

Engineering

Cost:

The masterclass is free of charge for successful applicants. Students are expected to arrange their own travel to and from Pembroke, but Pembroke College will cover the cost of travel if a student is currently on free school meals. If this applies to you, we will collect this information from the application form - though if you have any questions at all, please contact Kathryn Dillon at slo@pem.cam.ac.uk.

Applications:

Students interested in attending need to apply online by 8am on Friday 8th February 2019. The application form can be found [here](#).

Further information:

For further information, including eligibility criteria, please see our [website](#).
