Friday 23<sup>rd</sup> June 2017

**Y3 – Predators and Prey Workshop**  
**Thursday 20<sup>th</sup> July 2017**

Dear Parent / Carer,

As part of our Predators and Prey topic we have invited 'Meet a Creature' Ltd into school to carry out a Predators and Prey workshop. This will involve the showing and handling of live animals and all of the children will be invited to handle the animals themselves, if they want to. During the morning the children will learn the terms predator, prey and producer and make links between plants and animals in the form of food chains. They will discuss the different diets of animals and learn how herbivores eat the plants and then they are eaten by carnivores, so the food (energy) is passed along the 'chain'. They may also see a predator in action as the geckos are fed live crickets!

The cost of the workshop will be **£4.75** to be paid via Parent Pay by **Thursday 13<sup>th</sup> July**. If you need to pay at a PayPoint, please ensure you collect a barcode from the office in advance, to enable you to make the payment by the deadline.

This workshop will take place on **Thursday 20<sup>th</sup> July** in the morning and will take place within the normal school day.

Many thanks

Mrs Reasbeck and Mrs Burton  
Y3 Class Teachers
