Statement of intent

Hyde Community College is required to keep and process certain information about its staff members and pupils in accordance with its legal obligations under the Data Protection Act 1998.

The school may, from time to time, be required to share personal information about its staff or pupils with other organisations, mainly the LA, other schools and educational bodies, and potentially social services.

This policy is in place to ensure all staff and governors are aware of their responsibilities under the Data Protection Act and outlines how Hyde Community College complies with the following core principles of the Act:

- Data must be processed fairly and lawfully.
- Data must only be acquired for one or more lawful purposes and should not be processed for other reasons.
- Data must be adequate, relevant and not excessive.
- Data must be kept accurate and up-to-date.
- Data must not be kept for longer than is necessary.
- Data must be processed in accordance with the data subject's rights.
- Appropriate measures must be taken to prevent unauthorised or unlawful access to the data and against loss, destruction or damage to data.
- Data must not be transferred to a country or territory unless it ensures an adequate level of protection for the rights of the subject.

Organisational methods for keeping data secure are imperative, and Hyde Community College believes that it is good practice to keep clear practical policies, backed up by written procedures.

- 1.5. On occasion, personal information may be processed by relevant external organisations. By involving another organisation in the data processing, the school signs up to an increase in certain risks, for instance, fraud. The security of the personal information is covered in a written agreement/formal contract between the school and relevant organisations.

2. Fair processing

- 2.1. Hyde Community College recognises that its staff members and pupils need to know what the school does with the information it holds about them.
- 2.2. Parents will receive a copy of this Data Protection Policy upon registration of their child at Hyde Community College, as well as an overview of the information that the school will keep about their child.
- 2.3. Hyde Community College issues a general privacy notice, detailing the purposes for which personal data collected by the school will be used, before obtaining or with a request for any personal information.
- 2.4. If personal details are being recorded for a specific purpose, a specific privacy notice may be issued.
- 2.5. The general privacy notice is also published on the school website.
- 2.6. Personal information is only made available to staff and governors who need that particular information to do their jobs, and is only made available at the time that it is needed.
- 2.7. All staff members, including members of the governing body will receive training in their responsibilities under the Data Protection Act, and guidance on confidentiality of personal information, as part of their HR induction.
- 2.8. The training will be reinforced at regular intervals throughout their employment/term as governor, e.g. on inset days.

- 2.9. Staff members and parents are responsible for checking that any information that they provide to the school in connection with their employment or in regard to a registered pupil is accurate and up-to-date.
