

YEAR 11 Spring REVISION TIMETABLE

This timetable will run for the Spring term. A new timetable will run after Easter.

As you all know, it is vital that you make the most of every single minute available to you in lessons. Lesson time is where the bulk of your work, and resulting progress, takes place. It is also expected that you will take advantage of any extra time in school to help boost your final grades. To help you plan this we have put together a timetable of extra-curricular support available to you this term.

If you are required by your teacher to attend a session then this must take priority, as **highlighted in bold below**, over any flexible arrangements which you may also make with your other teachers.

Don't forget that you also need to be studying hard at home. Putting the hours in now will pay dividends when you come to sit your exams in May.

	Monday	Tuesday	Wednesday	Thursday	Friday
am	Art RE	Geography	D.T. Business Studies	D.T./Graphics ICT/Comp Sci	History Hospitality
pm	English	Open Option Slot	Maths	Science	History

* Students may only attend other revision sessions with the explicit permission of the lead subjects (**those shown in bold**). This should be prearranged.
