THE BREXIT REFERENDUM

23rd June 2016 – Referendum

The question - “Should the United Kingdom remain a member of the European Union or leave the European Union?”

Or really about Parliamentary
Sovereignty...

SO WHAT DOES THE EUROPEAN UNION INFLUENCE?

- Key areas – Agriculture, fisheries, external trade and the environment.
- But also free movement of people within the EU.

THE REMAIN GROUP – DAVID CAMERON, THERESA MAY, PRESIDENT OBAMA

Need to protect the economy – Too much risk (£100 bn and 1 million jobs)

Uncertainty – businesses like stability

More secure on the EU – we are only a small country.

Easy for holidays – health care, passport control etc.

Family income to fall £4300 and save £350 per year on food shopping.

BREXIT CAMP – BORIS JOHNSON, MICHAEL GOVE.

Control immigration – taking our jobs, places in schools and pressure on the NHS

Make Britain great again – own trade deals

Rejecting the establishment – telling us what to do...

Lower prices – not limited to Europe but world prices

Reject Brussels and the amount we pay in - £350 million every week.

YOU ARE THE ONES TO FEEL THE IMPACT – GOOD OR BAD

- We can all have opinions. The important thing is to have **evidence to back it up** and **empathise with other peoples points of view**.
- Nobody knows the real impact.
- Listen to the trade negotiations going on – they are accused of not knowing what the strategy is as well!
