Simon Balle All-Through School Summary Report for 2017-2018

Context and Background

In September 2013 additional funding of £150 million per annum was provided by the Government to increase PE and Sport opportunities in Primary schools. The PE and Sport Premium provides ring fenced money to Primary schools to improve the quality of the PE and Sport activities they offer their pupils. The funding is provided jointly by the Department for Education, the Department of Health and the Department for Culture, Media and Sport. The PE and Sport Grant for the 2017 to 2018 academic year which has been allocated to Simon Balle All-Through School is a total of £16,600 for this academic period.

What is the purpose of this grant?

This grant must be used to fund improvements to the provision of PE and Sport for the benefit of primary-aged pupils. All pupils leaving primary school should be physically literate and have the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

PE and Sport at Simon Balle All-Through School

We recognise the vital contribution that PE can have to the health and well-being of young people. In addition, it is considered that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children.

We believe that the money must be used so that all children benefit regardless of their sporting ability. It's important that we use this money wisely. We will continue to place a high priority on our PE provision.

Impact of funding 2017-2018

Spending update

As a school we continue to look for new and additional ways to encourage all children to become healthy and to increase their physical activity both during the school day and through extra-curricular ways. Not only do we want to improve the fitness levels of the children whilst they are with us at the school, but also to engender good habits that will continue into teenage years and beyond. Our aim is to help all children to find physical activities that they will enjoy and will help to make them fitter as well as being mindful of the fact that each child is different and will respond to physical activity in a different way.

Pupil voice from academic year 2017-2018

'I love that we get to try new sports all the time, I now like PE.' (Year 2 child)

'I have tried new sports I have never heard of, I liked Boccia and Kurling.' (Year 1 child)

'I like that my teachers challenge me in PE that makes me want to work harder.' (Year 2 child)

'We learn our stories in English through PE that make me able to write even more and have ideas.' (Year 2 child)

'I like that my teachers help me when I find something tricky, I can always do it by the end of the lesson.' (Year 1 child)

'I love PE, I know that it helps my body and keeps me healthy.'(Reception child)

Please see document titled: Evidencing the impact of the primary PE and Sports Premium for detailed evidence and impact as well as the sustainability and next steps for the 2018-2019 academic year.

Sport Clubs –Attendance and provision for the year ahead

This has been our second year that we have provided opportunities for children to take part in sporting clubs. The uptake is continuing to grow, as a result of more varied and both individual and team sports being offered as our staff expands. This year we have seen a 10% rise in children taking part in extracurricular sporting activities. We will be offering even more clubs next year as we expand and below you can see the provision for the next academic year.

Looking Ahead

We propose to use future funding to further support the teaching and delivery of curriculum PE alongside expanding the already strong programme of extra-curricular activities. We want to ensure all pupils, including targeted groups, continue to develop and progress physically, socially, cognitively and emotionally. We want to continue to increase participation levels in competitive sport and healthy activity of all pupils. We want to raise standards in P.E. and school sport and increase opportunities offered to our children. We aim to provide higher quality lessons and improved learning for all and ensure that new teachers to the school, Teaching Assistants and Newly Qualified

Teachers receive P.E. CPD in order to make them confident and teach consistently good to outstanding lessons.

2018-2019

Possible uses of the funding include:

- 3 years memberships to Maths of the day membership if impact is shown. This is currently being trialled as a Maths intervention.
- Orienteering CPD.
- Continue to upskill members of staff in areas that are addressed by them and through observations.
- Implement a physical program with a targeted group of pupils who require support with attendance, behaviour and attitude to learning.
- Targeted groups from EYFS, KS1 and Year 3 using age appropriate equipment to aid physical skills.
- Introduce additional competitive sports identified by pupils in order to engage more pupils.
- Increased presence at Level 2 competitions and participation at festivals.

Plan for academic year 2018-2019

As recent reports suggest the government have not decided how much money schools will have for the Sports Premium money for the academic year 2018-2019 and as such we will not finalise our plan with exact funding until we know this figure in order to make more effective use of the funding.
