ClassCharts

Quick start guide

Getting started with Parental Access

What is Class Charts for Parents?

Depending on how your school has set our system up, you will be able to use Class Charts to keep track of your pupil's achievements, access behaviour reports and view assigned homework tasks.

If you have more than one child at the school, or multiple schools, you can use the same parent account to view achievement data for all your children.

Class Charts for parents can be accessed via our website, or by our iOS and Android apps.

You can access the parent website and links to the parent apps at:
https://www.classcharts.com/parent/login
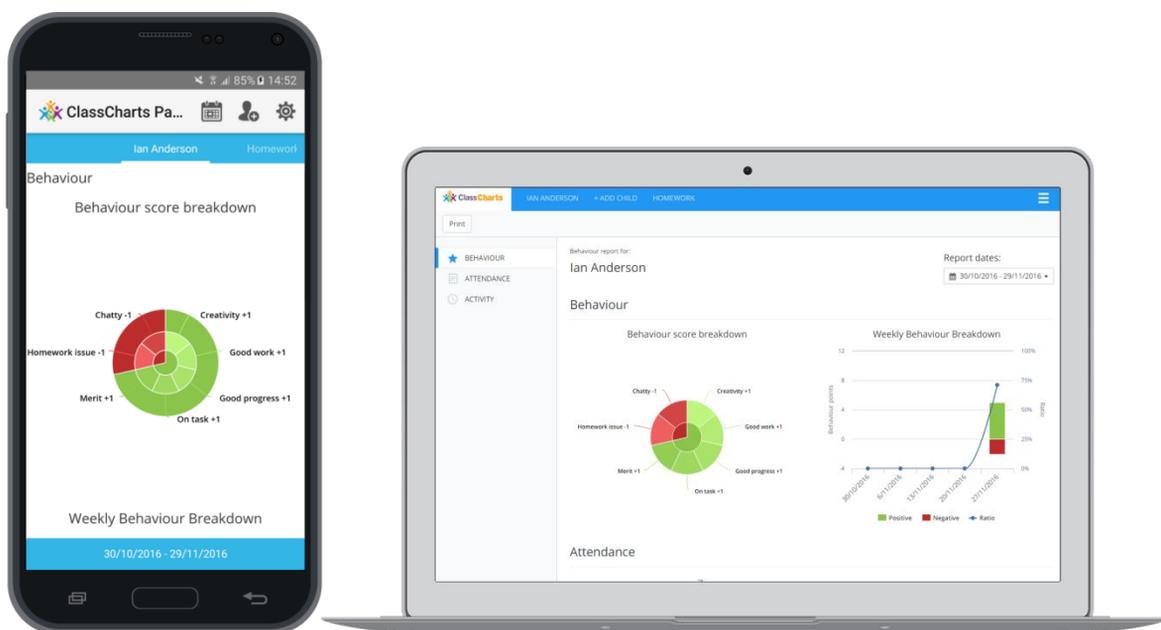

Parent Code

You should have received a Parent code from your school, which will look similar to the example code shown on the right.

This code is used to set up your parent account, which is covered on the next page.

If it has been enabled by your school, you will be able to view your child's attendance information. This is broken down on a day by day basis, for each of your child's lessons.

The attendance colour coded system is broken down as follows:

Green: Present
Yellow: Late
Red: Absent
White: No attendance information

Homework

If your school has decided to enable the homework view for parents, you will see a "Homework" option in the menu. Clicking on this option will display a list of the homework tasks which your child has been assigned to.

Homework tasks are displayed within 3 different categories: "to do" "pending", and "submitted".

To do: These are the tasks that your child need to complete.

Pending: These task have been ticked as submitted by the student, but have yet to be confirmed by their teacher.

Submitted: These tasks have been confirmed as completed by the teacher who assigned the homework.

To view more information about the homework task, click on "details" to bring up a description of the homework, and any other information provided by the teacher

Adding / switching children

To add another child to your Class Charts account, simply click on the "add child" option in the website menu or the add child icon within the app.

You will then be asked for an access code.
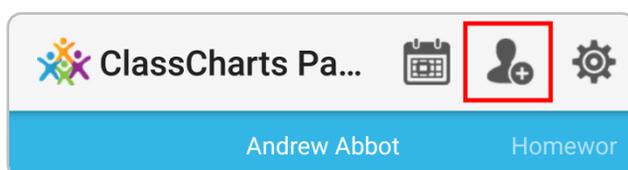

Next, enter your parent access code for the child you wish to add.

This code will have been given to you by the school, and is unique for that pupil.

Once the parental code has been accepted, you will see the child you have just added as a selectable option in the menu.

Click on the pupil to display that child's behaviour and attendance data (if it has been enabled by your school).

If your school has chosen to share homework information, the homework task for all children on your account will appear within the homework tab.
