Year 11 mock examinations 26th November – 7th December 2018

Your child will be sitting mock exams during the two weeks of term commencing Monday 26th November 2018. Please find attached:

- a mock exam timetable (individual timetables with seating information on will be distributed to students nearer the exams)
- individual subject information about the examination and the topics covered / how to prepare
- a list of all the GCSE subject and their exam board (useful if you want to have a look at the specification on line or if purchasing revision material)

Student attendance to mocks is extremely important as results are used to assess final entries for their summer exams. Also as with any examinations, we expect students to have all the correct equipment for their exams. Those students who arrive without the correct equipment will be issued with detentions.

Information on how to order equipment for exams and revision resources through our online shop will follow shortly.

Students who are successfully completing the daily homework will be constantly revising for their examinations. Using the knowledge organisers to constantly revisit and retrieve information is the most successful revision method. I have spoken briefly to students in assemblies this week and have recommended a website which does a similar job to the knowledge organisers. I believe it is the best online revision support I have ever come across and I highly recommend it to you. It is possible to go on as a parent as well as a student. The site is free to use and will actively support the revision process. Students can also use this alongside their knowledge organisers for that part of their homework

The link to the site is
