15 November 2018

Dear Parents/Carers

Please find attached a maths worksheet called "A little bit of maths everyday...number skills" and "A little bit of maths everyday...crossover". The maths department would be grateful if you could work through these questions with your child during the month of November and at the end of the month you will be emailed the solutions along with next month's questions and each month thereafter. If your child is sitting the foundation tier there may be some questions they will not have covered in lessons on the "A little bit of maths everyday...crossover" sheet.

These questions are not compulsory and do not need to be brought into school. However, we are encouraging all our year 11 students to start their revision now and this would be a good starting point.

May we take this opportunity to remind you that the maths mock papers are on Monday 26th November (non calculator paper) and Friday 30th November (calculator paper). Students need to arrive with a protractor, pencil, compass, pens, ruler and rubber for both exams as well as a calculator for the latter.

Yours faithfully

Miss Taz Johal and Mrs Priya Parmar

Curriculum Leaders for Maths
