February 2019

Dear Parents/carers

## Introducing our SCHOOL SHOP at BGLC

We are introducing a school shop for use by all families. To access the shop and to purchase an item, please go to our campus website [www.brookvalegroby.com](http://www.brookvalegroby.com), and click on the shop link within the parentpay icon. Parents/carers can use a debit/credit card to pay for items. **It is not necessary to login in to a parentpay account to get access to the school shop.**

Items available to purchase from the shop are split into four categories:  
General stationery GCSE Resources A level Resources Uniform

### GCSE and A Level Resources

These are typically revision guides and workbooks which we hold in stock and are available to purchase to assist students in support of their learning for GCSE/BTEC courses in Year 10 and 11 and/or A level courses in Post 16 study.

Most items are reasonably priced compared to other suppliers. Subject teachers will recommend to students which items to purchase. Some guides have 2 levels – foundation/higher and here too, teachers will advise students the level they require.

Once paid for, the item/s will be available to collect from the Science Prep Room, in the Groby building, on **Tuesday and Friday break or lunchtimes only please**. Please allow 3 working days, the student simply needs to give their name to staff and the revision materials will be issued.

### Uniform

The stock held comprises jumpers and cardigans for students in years 7 to 9, plus ties for all year groups. All other items are available from Uniform Direct or any other any supplier, provided they comply with our uniform guidelines.

### General Stationery

Smaller items -Pens/pencils/rulers/calculators etc are available from the shop. Students may also purchase these with cash at Reception at break/lunchtime and before tutor time, on any day; or from the Science Prep Room any day at break or lunchtime.

### Key Stage 3 Resources for Years 7, 8, 9

**These are made available to purchase via your parentpay account rather than the shop.** Faculties will issue letters to parents about a particular resource or study aid to recommend purchase.

Please contact the Reception/office team if you have any queries about the shop.

Yours faithfully
