11 March 2019

Dear Parent/Carer

GIRLS INTO STEM – Wednesday 27 March 2019

Your child has been invited to a 'Girls into STEM' event on Wednesday 27th March 2019. This is a schools event for girls in years 9 and 10 at any school in Leicester and Leicestershire who are contemplating higher education/careers in the exciting world of science, technology, engineering and maths.

After a welcome from an inspiring STEM specialist, students will explore STEM careers and try out a practical workshop in one of the following areas of accountancy, built environment, computing, engineering, motor vehicle or science.

Timings for the day are as follows:

8.25am	Students to arrive at Brookvale Groby Learning Campus reception
8.30am	Transport booked to take students to Leicester College
9:15am	Arrival and welcome talk
10am – 2:45pm	Workshops, with 30 minutes lunch break (lunch provided) scheduled by each area
2:45pm	Students will be brought back to school*

Students in workshops at other campuses will be taken by minibus if they are at Freeman's Park Campus, or will walk to St Margaret's Campus and will be accompanied by at least one member of staff.

***There is a possibility that students may arrive back to the campus after school buses have left and there could a possibility that students may have to make their own way home if this is the case.**

Students will need to wear school uniform and bring writing equipment with them.

If you would like your daughter to experience this exciting opportunity, please complete the slip attached and return to a member of the maths department by Friday 15 March.

Yours sincerely

T Johal
