

13<sup>th</sup> February 2018

Dear Parents/Carers,

### **GCSE History Target 5 Workbooks**

To help your son/daughter with their GCSE History Revision, the school is able to purchase a selection of newly published GCSE History Target 5 workbooks at a significantly lower cost than the recommended retail price. These are different from the revision guides offered back in September as they are workbooks that students go through at their own pace completing different activities, which can be supported by the revision guides.

These books have been published for those students who are currently predicted a grade 5 or below. However, these workbooks offer a fantastic range of activities which act as consolidation for all the course studied so far and therefore, would be a valuable purchase for any GCSE History student.

In particular these workbooks:

- targets key misconceptions and barriers
- addresses areas of underperformance in a systematic way, with a unique approach that builds, develops and extends students' skills
- gets students ready for the new GCSE (9-1) assessments with exercises focused around exam-style questions provides ready-to-use examples and activities

There is one workbook for each of the four topics that we study (*RRP £3.99 per workbook or £15.96 for the set*), however we are able to offer all four workbooks for just **£8.00**. Students who wish to purchase these workbooks should select the "GCSE History Target 5 Workbook Guide Set of Four" option on our online payment system, ParentPay, by Friday 3rd March 2018. Please note that payments are non-refundable. Workbooks will be distributed shortly afterwards during their normal History sessions.

I hope that as many students as possible will be able to take advantage of this opportunity.

Yours sincerely,

Mr J Hobbis  
Lead Teacher of History & Trip Lead
