

15th November 2018

Dear Parents/Carers,

Ref. Yr11 Examination Dates

This year will be the most important period of your child's education so far and in order for each student to be as successful as possible in Mathematics, it is important that they prepare thoroughly for all their examinations.

The dates for this year's tests and mock examinations, in Maths, have been set as follows:

During the weeks beginning **11th March 2018** and **29th April 2018** they will be tested in the classroom.

Their **Mock Examinations** will be over three weeks, starting from **17th December 2018, until 18th January 2019**.

Please ensure that your child attends all examinations fully equipped. They will need a pen, pencil, ruler, rubber, compass, protractor and scientific calculator. We do sell all this equipment in school, at discount prices, and a price list is displayed in the Maths classrooms for their reference.

Revision books are available on ParentPay and revision materials are shared with the pupils on Google Drive.

In the next few weeks, we will also inform you of any revision sessions we hold after school. Please can you encourage your child to attend the after school revision sessions, as they will have a positive impact on your child's GCSE grades.

May I take this opportunity to thank you for your support to date and your continued support over the next few months.

Yours sincerely,

Yours sincerely,

Ms M. Hatfield
Associate Assistant Headteacher
CAL – Mathematics

Mrs A. S. Smith
Second in Mathematics
