Year 7 catch-up funding statement

Historically, prior to the arrival of the new Headteacher, year 7 catch-up funding was used for quality first provision.

Since the arrival of the new Headteacher Year 7 catch-up funding is now focussed and targeted and is being allocated according to the following criteria:

- Precise understanding of need;
- Clear identification of barriers;
- Targeted provision for identified needs;
- Action taken is based on evidence-based research;
- Robust accountability of Year 7 catch-up funding use and the impact is embedded into our monitoring and evaluation systems.
